

Around the Square

By Tommy Ann Miller

Summer evening meandering up to Chantry Flats... white yucca blooms spearing up through brittle chaparral... flowering white and lavender buckwheat and pungent sage... parasitical Orange Daughter strangling the drought-weakened shrubs... scrub oaks even scrub-brier... scant greenness, except for sturdy pine plantings in roadside watershed weavings... newly painted guard rails fencing off the shrouded valley... binocular glimpses of grazing deer on canyon humps... shy stink bugs — heads upended, derrieres upended... late picnickers gulping cool mountain air before descending into the boiling smog-pot... up to the Pack Station for a cheering cup of coffee with Bill, Lila and little Julie Adams... a twilight pat-chat with the mules.

FRIDGE ON FRITZ. One wife has been waiting 13 years for the refrigerator to poop-out and provide an excuse for replacing it with a modern one. So when did the elderly appliance succumb? — on the hottest Friday of the year, naturally.

SURVIVAL BY SNOOZE. One way to beat the 100-plus temperature is to siesta... daily. And to assure yourself an unharmed forty, put the kiddies down for a nap... whether they like it or not.

BY NOW Edie Dane and traveling companions are motoring along the Italian and French Rivas (sounds delicious!) in a Thames car (looks like a small bus) which they earlier picked up in England. Who's in Edie's crew? Her son, Frank, 18 (daughter Nancy is staying with friends in Sacramento), David Rondeau, 21-year-old son of the Rondeaus on W. Carter, and Marla Mowat, 20, of Pasadena.

The quartet sailed aboard the Greek liner "Arkadia" for England over two weeks ago. After stops (some at youth hostels) in Belgium, Germany and Austria, they headed for Switzerland, where they hope to see the Paul Johnsons, former Sierra Madreans now in Geneva with the American Friends Service Committee. On the Italian Riviera they'll visit the Tom Ames family (due back here soon?) Edie's son, SP/4 Bill Dane, stationed with the Army in Kassel, Germany, will have several weeks' leave and join them for a tour of France.

Before flying home in August (David Rondeau goes on to Spain), the travelers will again visit England, and Edie's mother's cousin, the town mayor of Darlington. (Edie's mother was a Blumer — one of the first settlers here).

AIR RACE. Sierra Madre's Powder Puff Derby entrant, Mrs. Virginia Graham, piloted her twin-engine Apache into 32nd place in the annual cross-country flight. She and navigator, Mrs. Virginia Hall of La Canada, left Lawrence Field, Mass., the morning of July 4 and landed the morning of July 8 at the Spokane, Wash., finish line — 2,470 miles.

"We ran into weather west of Chicago and some particularly bad weather over Montana," said Mrs. Graham, who has never flown in a Derby before and got her pilot's license just two years ago. "Other than that the trip was thrilling but uneventful."

SEA RACE. Former Sierra Madrean, Gould Eddy, was chairman of another July 4th race... (this time 2,225 miles by sea) — the 21st biennial Transpacific Yacht Race to Honolulu. Did any Sierra Madreans compete?

SUBTLE COLORS and glazes on the wheel-thrown pots, bowls, candleholder, etc., in the Library display cases. Talented potter is Joan Harness, who creates contemporary ceramics at the Designers' Workshop down on Foothill.

NEWS OF landscape architect Don Roberts (formerly owner of a unique cliff dwelling below the dam — now new). (Continued on Page 10)

INSTALLATION CEREMONIES were held recently at the Western Hotel in Arcadia for the newly elected officers of the Sierra Madre Civic Club. Officers, installed by Mrs. Claude Brown Jr., are, front row from left, Mrs. Richard Kohler, recording secretary, and Mrs.

Wallace Karelus, second vice president. In the back row, from left, are Mrs. Gordon MacDonald, corresponding secretary; Mrs. Bryce Tyler, first vice president; Mrs. Arthur Albertson, president, and Mrs. James Vine, treasurer. Group meets at Woman's Club.

Water Election Tuesday

Sierra Madreans will go to the polls Tuesday, July 21, to decide whether we should join a four-city water district which would include Azusa, Alhambra and Monterey Park.

Formation of the district, which has the backing of city councilmen and the Chamber of Commerce, is expected to enable Sierra Madre to stay out of the San Gabriel Valley Water District and the Metropolitan District.

Locally, the district has been opposed by those who believe Sierra Madre should remain independent of all districts. Proponents argue that this city could not possibly remain aloof, and that the four-city district would be the lesser of two evils.

IN A STATEMENT released yesterday by Lawrence C. Bevington, temporary administrator of the proposed district, it was argued:

1. The district will help protect the water rights of the four cities from attack by outside groups.

2. The district will save to the taxpayers of these four cities the cost of paying Metropolitan Water District taxes (approximately 40 cents per \$100 of assessed valuation) or any special taxes by other districts or special interest groups.

3. The district will form a center around which the four cities can negotiate for water from northern California (the Feather River Plan) or any other source including salt water conversion.

MR. BEVINGTON, who is also Sierra Madre's city administrator, said that the present lawsuit filed by Long Beach was not brought about by the proposed formation of the four-city district.

"In fact," he said, "it has been threatened for years and has been in preparation since 1956. The suit has not been filed against any of the four cities (Sierra Madre was not named in the suit), but is against all the water producers in the valley."

If the new district is approved, it is estimated that a tax levy of approximately 2 cents per \$100 will be levied to pay for its administration.

Polls to Open At 7 a.m.; Places Listed

Polls will be open from 7 a.m. to 7 p.m. in the water district election this Tuesday, July 21.

Polling places are:
Precincts Nos. 10, 16 and 21, garage, 520 W. Grand View; Precincts 2, 15 and 18, residence, 528 Ramona; Precincts 4, 8 and 9, Masonic Hall, 33 E. Sierra Madre Blvd.

Precincts 3, 12 and 14, residence, 259 N. Auburn; Precincts 1, 7 and 11, residence, 142 E. Miramonte; Precincts 6, 13 and 19, residence, 286 E. Alegria; Precincts 5, 17 and 20, residence, 223 San Gabriel Ct.

Employment Total Shows 5% Rise

Total employment in the Los Angeles Long Beach-Orange County area rose by 16,600 from the May level to 2,592,900 in June, and set a new record for the second consecutive month, John E. Carr, director of the Department of Employment, said yesterday.

The June employment figure exceeds that for June of last year by 121,200 or 5 per cent. All major industry groups, except agriculture and mining, shared in the year-to-year employment growth.

The manufacturing division, led by the durable goods segment, showed the largest relative increase. Because of the summer additions to the labor force, the number of unemployed did not change appreciably in the past month. The number of jobless workers was almost one-third less than in June, 1958.

Editorial Why Vote Yes . . .

Next Tuesday—July 21—Sierra Madreans will decide whether we should join a four-city water district or, if we can, remain independent.

The lack of enthusiasm has been deafening. Among the general public, there seems to be little interest. The Chamber of Commerce, after squirming uneasily, voted reluctantly to support the city's position, the professional "ag'ners" are naturally opposed, and several thoughtful citizens are wondering why Sierra Madre should join when we could for years run our own water department adequately without outside help and without additional taxation.

IF, INDEED, Sierra Madre could remain independent from all water districts, that, I'm sure, would be the proper course. It's apparent that city councilmen are of the same opinion. So, I believe, is the city administrator.

But it seems equally clear that Sierra Madre would have an almost impossible time staying aloof. The Upper San Gabriel Valley District, now in its formative stage, emphatically informed Sierra Madre that we would not be excluded from its boundaries.

If forced to join the San Gabriel Valley District, our share of the load would, I'm sure, be considerably greater than the estimated 2 cents per hundred it will cost us in the four-city district.

But inclusion in the water fortunes of the San Gabriel Valley would have only been the starting point. We would have soon been forced into the Metropolitan District—with the approval of most of the water hungry San Gabriel Valley—and would then be obliged to pay \$400,000 in back taxes plus interest. The total amount has been estimated at \$800,000. In addition, of course, we would have to pay the normal fee to support the Metropolitan District.

WE TOOK, I believe, the only sensible alternative. We, along with Azusa, Alhambra and Monterey Park, circulated petitions, acquired sufficient signatures and scheduled an election to form a separate district.

Under state law, one water district cannot annex another without approval of the voters in the district to be annexed.

The four-city district will be one of convenience only. None of the other three cities will be able to interfere with our water supply or to tamper with our method of acquiring and distributing it.

We will have to pay a small tax to support the administration of the district. This can be considered a form of insurance and it's pretty cheap at the price. —H.W.E.

City OKs Tentative Budget, Cuts Taxes

Brakes Cause of Bus Crash

Brake failure caused the run-away bus accident Tuesday in which a 3-year-old Sierra Madre girl was killed and her brother injured, it was reported yesterday.

The dead child, who was hurled from one of the cars rammed by the huge bus, is Corrine Matson, daughter of Mr. and Mrs. Don Eddy, 646 Orange Dr. Her brother, Danny, 6, was treated for minor injuries. Eddy formerly was a patrolman on the Sierra Madre Police Department.

Mrs. Sally Matson Eddy, mother of the girl, collapsed in a hospital waiting room and was placed under sedatives.

CORRINE, Danny and a baby sister, Judy Cowgill, 20, of 309½ E. California St., Arcadia, were in the parked car when the bus rolled through the intersection at Santa Anita Ave. and Sierra Madre Blvd. at 55 miles an hour.

The Catholic Youth Organization bus, loaded with 94 boy campers and counselors, smashed into three cars before it overturned. Twenty-seven boys were treated for cuts and bruises at Arcadia Methodist Hospital, but miraculously none suffered serious injuries.

The bus first smashed into Miss Cowgill's car from the rear, hurling the little Matson girl into the street, and then hit a car driven by Edward DiBias, 1430 N. Edgecliff Ave., Pasadena.

The DiBias car was knocked across a 40-foot-wide traffic island into a car driven by Mrs. Verne Roe, 1844 Anita Crest, Arcadia.

The bus followed the DiBias car across the traffic island and overturned on top of a parked car owned by Miss Dorather Woodson, 2700 California St., Arcadia.

MISS COWGILL was hospitalized for shock and internal injuries, and Mrs. Roe suffered minor injuries. DiBias is in the hospital with a broken back.

Bus driver Brady Bolt, 29, of 1277 W. 37th Pl., Los Angeles, said his air brakes failed as he approached Sierra Madre Blvd. after rolling down the steep grade on Santa Anita Ave. His horn also failed at the same time, he said.

A CYO spokesman said the bus had been loaned to the youth organization by the (Continued on Page 10)

July 31 Is Dodgers Day For Local Fans

It will be Dodgers Day for Sierra Madre on Friday, July 31, the night the Los Angeles ball club plays Philadelphia.

Tickets may either be purchased individually for reserved seats at \$3.75 each or in blocks at a lesser price. Busses will transport Sierra Madreans to Memorial Coliseum.

Those wishing to make reservations may call Tom Butch, assistant city administrator, at ELgin 5-7135.

Phone Co. Seeks New Rate Hike

An application to increase basic telephone charges in this area was filed with the Public Utilities Commission July 13 by the California Water & Telephone Co.

General Manager Peter A. Nenzel announced that for a great percentage of his company's subscribers the increase would amount to only 30 cents a month. The telephone company is requesting rate adjustments that would increase total annual revenues by \$1,292,000.

THE INCREASE is necessary, Nenzel contends, because the present rates, set by the commission early this year, will not produce the rate of return the commission had previously estimated and stated as reasonable.

He pointed out that his company has expended over \$40,000,000 during the past five years in order to meet demands for new and improved service throughout the areas in which California Water & Telephone Co. operates.

This demand for expansion capital is still continuing, and the company will add another \$10,000,000 this year in new plant facilities in the telephone service areas. Nenzel estimates that 11,000 new telephone services will be added this year.

CHARGES for four-party residence service in the Monrovia, Sierra Madre and San Fernando Exchanges would be increased from \$3.35 to \$3.65 per month if the new rates are allowed.

The rate application also provides for the elimination of all four-party residence services in these exchanges by 1961, Nenzel stated. These services will be upgraded to

New Rate Set One Cent Lower

Sierra Madre city taxes were reduced one cent last night in a tentative budget of \$826,987 which was approved by the City Council. This is the fourth consecutive time the Council has lowered the rate.

Actually, the new budget is nearly \$100,000 higher than last year's. The additional money, however, has been accumulated over several years and will be used to build the new high level reservoir.

The new tax rate was set at \$1.538 per \$100 of assessed valuation. Most property owners, though, probably will pay a little more than formerly since the assessed valuation figure is expected to go up by about \$1,000,000.

The Council scheduled an informal meeting for 7:30 p.m. Monday at which any interested Sierra Madrean may discuss the budget with councilmen. Copies of the budget are on file in City Hall.

THE COUNCIL also discussed a complaint made by L. G. Barrett of Barrett's Home Gardens, a local nursery, concerning the purchase of 35 Indian Laurel trees.

In a letter to the Council, Mr. Barrett, said, in part:

"Our attention has been called to the fact that the city purchased 35 trees recently for planting in the business section of Sierra Madre. It is understood that these trees, Ficus Nidita, were purchased at a cost of \$27.50 per tree."

"Neither Osi's Nursery nor the undersigned, both licensed business concerns of this city, were notified of the proposed purchase of these trees, nor aware of any bids being asked for their purchase."

"The bid of the undersigned, had any opportunity been given us to make the bid, would have been \$19.50 per tree, or less, delivered, resulting in a saving to the city of at least \$245. It would also have left us a nice profit."

THE TREES were bought from the Wally Kinnear Nursery.

one- or two-party service according to the subscriber's desires.

Other rate increases would be one-party business service from \$10.75 to \$12; one-party residence service from \$4.85 to \$5.60; PBX trunk rates from \$16 to \$18.

sery in West Los Angeles which, according to City Administrator Lawrence C. Bevington, was the only one that had Indians Laurels of the size and condition desired.

Tom Butch, assistant city administrator, and Ben Mobley, street superintendent who retired this month, went to "six or seven" nurseries getting prices and examining trees before purchasing them, Mr. Bevington said.

He added that it is not good policy to buy trees on bid without inspecting them first.

Later Mr. Butch said that the Kinnear Nursery, which specializes in Indian Laurels, quoted the lowest price of all the nurseries contacted. Many of them, he said, wanted \$35 for a tree of the type planted in the Sierra Madre business district.

Osti's Nursery, he added, was asked for a price on a single Indian Laurel, and quoted \$35. No queries were made, however, at Barrett's.

Mayor Charles H. James promised Mr. Barrett that in the future, the local nurseries will be given first consideration.

In other business, the Council:

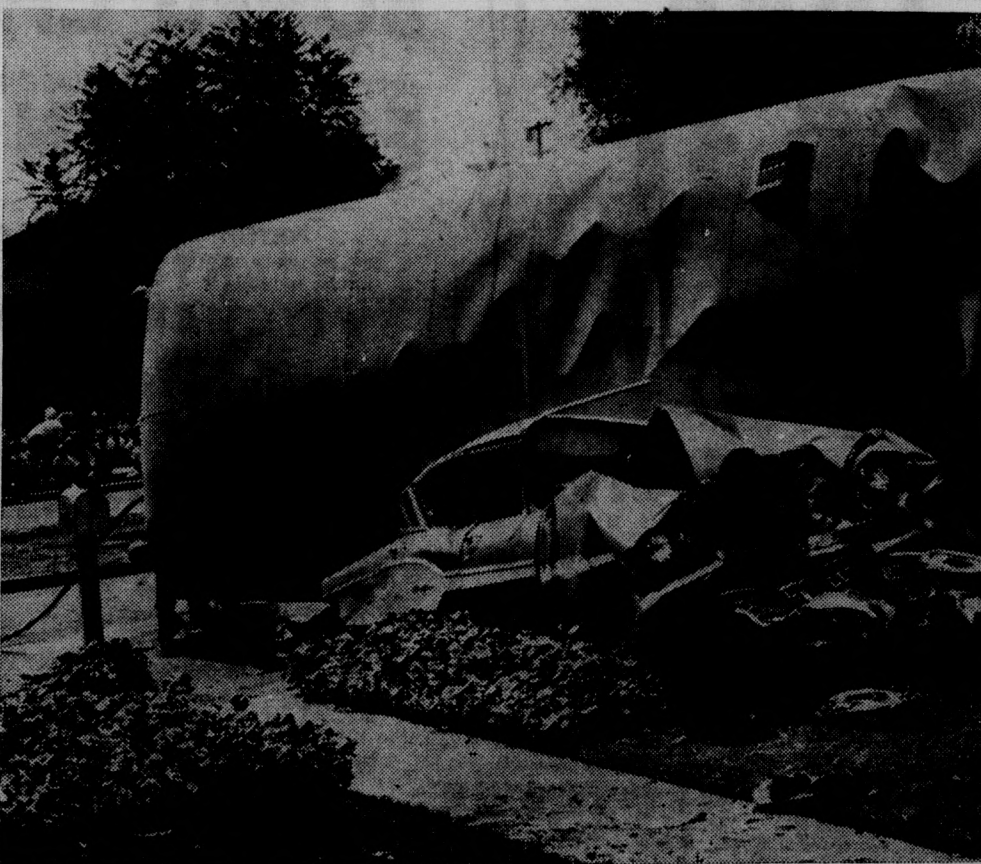

1. Accepted the low bids for the purchase and erection of the new high level reservoir. The low bid for the tank, submitted by the Vinnell Steel Co., was \$50,642, while the low bid of \$48,850 for preparation of the site was submitted by Bovee and Crail. The combined bids are \$14,400 below the engineer's estimate.

2. Appointed Mrs. William Maloney to the Library Board to succeed Fred Sprague who resigned.

3. Re-appointed Neil K. Yarnell and Frank Parks to the Planning Commission. Their terms had expired.

MUSEUM LECTURE

James Johnson Sweeney, director of New York City's Guggenheim Museum, will give a lecture at the Los Angeles County Museum next Tuesday evening at 8:30. He is the last of four leading American art authorities to be presented during the 1958-59 season on the Museum Association lecture series for members and their guests.

TRAGIC END of bus crash on Santa Anita Ave. just south of Sierra Madre Blvd. is shown with bus overturned on top of wrecked car. Corrine Matson, 3-year-old daughter of Sierra Madre couple, was killed. Miraculously, none of the boys in the bus was seriously hurt, although 27 were treated at Arcadia Methodist Hospital.

Lee Shippey asks
What Do You Think?

I like to think of Sierra Madre as a community of exceptional charm and culture, but now and then something reminds me that even Sierra Madre could be improved in spots. For example, the talk of turning Bailey Canyon into a wilderness park reminds me of what was done there years ago, under the leadership of Oskar Seiling. And now let's whisper, for I wouldn't wish any outsiders to hear about that.

Professor Seiling and the Planning Commission were most enthusiastic, and seemed inspired. They did a lot of trail cutting and landscaping. They eradicated poison oak. They created a really beautiful outdoor stage and amphitheater big enough for a Philharmonic Orchestra concert. They established drinking fountain and rest room facilities. It was really a delightful place for a stroll, a picnic or a public gathering.

And what happened?

Well, petting parties raised the first problem, which was natural. But they left empty beer cans and unsavory litter, which was reprehensible. And some of them took up the favorite sport of subnormal intellects, vandalism. They wrecked the rest rooms, stole the plumbings and seemingly reveled in depravity. The park which had been opened with so much promise had to be closed. I may have been the only person who got much benefit from it. I used to take a walk up there every morning before breakfast while I was writing my first book, and a lovely place it was before it was wrecked. It can now be made into one of the most attractive spots in the county if the wrong people can just be kept out of it, or made to behave while in it.

I WOULD be inclined to assert that all the vandals who wrought havoc in the park years ago came from other cities, not from our community of superior beings if I didn't recall that several valiant attempts to give Sierra Madre a first class motion picture theater were not only all gummed up but actually thwarted by the destructiveness and unpleasant behavior of a lot of the kids in the audiences. One got the idea that some parents parked their kids there for three hours while they pursued other activities, and the kids had been taught very little about discipline or consideration for others. Some of them must have even used knives to damage seats and cushions. Oh, yes, I did a lot of mischievous things myself when I was a boy, but I can still remember the spankings I got for some of them, and respect my parents for giving them to me.

AND THE other day I had proof that modern children aren't getting all sophisticated by TV. My 6-year-old grandson was gazing earnestly at a pen full of rabbits, one of which was hunched over. "Sssh!" he whispered. "He's just about to lay an egg."

Rev. Hansen to Preach At Colorado Church Meet

"Fooling God" will be the sermon of the Rev. Ray E. Hansen, pastor of Shepherd of the Hills Lutheran Church, at 10 a.m. Sunday, July 19.

After Sunday's service, Pastor Hansen and his family will leave for Fort Collins, Colo., where he will preach at the United Lutheran Church's Board of American Missions conference. The family will vacation in Wisconsin and Minnesota after the conference.

"WE MAY be able to fool some of the people some of the time," the pastor said, "but we can never fool God. He knows our every thought."

Caden Jenkins Dies at 60; Hold Masonic Rites

Funeral services were held Tuesday at Ripple Mortuary for J. Caden Jenkins, a retired Army officer who had lived in Sierra Madre the last 14 years. He was 60 years old.

A native of Portsmouth, Ohio, Mr. Jenkins moved to California 35 years ago. He was a lieutenant colonel in the U.S. Army, retired, and a veteran of World War I.

Mr. Jenkins was a member of American Legion Post 238, Sierra Madre Masonic Lodge No. 408, and of Phi Delta Theta from the University of Colorado. He also held life memberships in the Disabled American Veterans and the Air Force Association.

He is survived by his wife, Rose Jenkins; three daughters, Mrs. Louis Burgeois, of Westchester; Mrs. Benton Neel, Van Nuys, and Mrs. Richard Nelson, Mill Valley; a brother, David S. Jenkins, Arlington, Va., and four grandchildren.

The Sierra Madre Masonic Lodge officiated at funeral services. Interment was in the U.S. Military Cemetery, Presidio, San Francisco.

Should You Fix Your Old TV Set?

First of all you have to decide whether your screen is large enough for you, or is the cabinet satisfactory for your desires. If the answer is negative to any one of these by all means don't waste your money fixing your old set for the set will not be worth any more on a trade-in after it is fixed.

As far as spending money to buy a new set, the set you have will cover the down payment and your small monthly payment in most cases will be small enough so that the money you would have spent to fix the old set would make many monthly payments and spread your expenses over a longer period of time.

Now if your answer is positive to the above questions then by all means keep your present set and get it repaired. Let's face it. The television sets they build now are not the quality of the past years and every year the quality of the new sets are going down to reduce the price. Do you know of anything else that every year gets cheaper in price and stays the same or increases in quality? Not in television either.

If you are going to keep your television and it needs repair don't just patch it up for then is when you are going to keep spending money in smaller sums but much, much more often. It is best to get the set overhauled good. This will not eliminate future troubles but will make them less costly and less frequent. I would wager to say that an old set that has had a good overhauling will give you just as good service as a new set keeping in mind that the new sets from time to time give troubles.

The major difference between the older sets and the new sets is that in the older sets they put in parts that were not necessary to put a picture on the screen but to hold part of the load to make the set last longer. In this day of mass production it is necessary for people to buy products more frequently, thereby the manufacturer will not make them to last too long so that you will purchase a new one sooner.

This is good for economy because it keeps people working and you can't fight progress if this is progress but we can hold the reins on it so that it won't get out of hand.

If you want your old set repaired or a new set that will be the best available, call this associated dealer.

News of the Churches

Congregational Plans Annual Steak Fry

The Men's Fellowship of the Sierra Madre Congregational Church will hold its annual steak fry Monday, July 20, at 6:30 p.m.

Al Paus, Circle H. Ranch, Sturtevant Dr., will be host.

Jack Golden is in charge of the dinner with entertainment by the Eco-airs, a men's chorus, from Alhambra. For reservations contact Ken Rempel, ELgin 5-6361.

Bethany Plans Sacred Music Program Sunday

This Sunday evening in the 7 o'clock service, Bethany Church members will hear Mr. and Mrs. Earle Anderson and their family, in an evening of sacred music.

Pastor Hansen returns to the pulpit Aug. 23. The world is full of seekers—some looking for trouble and others finding fault.

Vacation School Starts On July 27

Vacation church school at the Sierra Madre Congregational Church will be held July 27 through Aug. 7.

Classes for boys and girls entering kindergarten this fall through eighth grade will be held in the church each morning, Monday through Friday, from 9 to 11:30 o'clock.

Registration fee is \$1 per child, maximum \$3 per family.

The mission theme is "Life as It Is in the Middle East." The staff plans some unusual learning experiences for all interested boys and girls.

For further information, call the director, Mrs. Marjorie Golden, ELgin 5-9226, or assistant director, Mrs. Norma Kline, ELgin 5-9481.

Mr. Anderson was formerly with Pasadena College and has made numerous recordings. They have recently returned to Sierra Madre from Portland, Ore.

Dr. Schaper will preach at the 11 a.m. service.

Child Training Film Scheduled At Faith Lutheran

The Bible classes of Faith Lutheran Church, 835 Hastings Ranch Dr., have extended an invitation to all parents to see the child training film, "Answering the Child's Why," to be shown in the church sanctuary next Sunday morning at 9:30 o'clock.

The film shows parents making harmonious adjustments to their environment, according to Donald Frokjer, how to aid their children in superintendent of the Sunday School. All three Bible classes will see this film and join in the discussion period which will follow. The Bible class instructors are the Messrs. David Goetsch, Edgar Plischke and Rev. A. Hesse.

For the 10:30 service, the pastor has chosen as his sermon theme, "Concerned People," a message which will point out from the words of Christ how much Christians need, and need to help one another.

ONE MAN'S OPINION
Every man another man sees is just average—except when he looks in the mirror.

Milk Digested Quickly And Absorbed Completely

(Presented as a public service by the Foothill District of the Los Angeles County Medical Assn.)

QUESTION—Does milk tend to constipate?—P.K.

ANSWER—Only if taken in such quantity that a failure to eat other foods in amounts sufficient to provide the necessary roughage results.

Because milk is quickly and thoroughly digested and completely absorbed, it leaves no residue to provide bulk and help in emptying the intestines. These characteristics do not make milk less desirable. In fact, a constipated person may drink milk provided he obtains sufficient crude fiber from such other foods as fruits, vegetables and whole-grain cereals and breads.

It's best to remember that the most common cause of constipation is lack of roughage in the diet rather than the presence of any particular food.

Q—What is bronchiectasis? What is the treatment for it?—R.J.

A—This is a chronic, or long-standing disease of the bronchial tubes within the lungs characterized by the enlargement of these tubes and by infection within their walls. This produces a chronic cough with the expectoration of large amounts of sputum.

Treatment of this disease is both medical and surgical.

OFFICER TRAINING

Cadet Richard A. Draeger, 21, son of Mr. and Mrs. A. L. Draeger, 78 Esperanza, Sierra Madre, is receiving six weeks of training at the Reserve Officer Training Corps summer camp at Fort Lewis, Wash. The training is scheduled to be completed July 31.

For bronchiectasis localized in the lung or one section of a lung surgical removal is ideal. But in those instances where it is more widespread and surgery is impractical, the infection can be controlled by antibiotic drugs and other medical treatment which may reduce and, in some instances, free the patient of the chronic productive cough.

Sometimes an asthmatic factor is present in bronchiectasis which aggravates the degree of infection. These and other considerations determine what is the best treatment to pursue.

Q—Explain the difference between primary and secondary anemia.—R.A.

A—The problem of anemia is not so simple that all anemias can be simply categorized as primary or secondary. However, what is generally understood by these terms, is that when the blood-making organs of the body do not make enough of the right kind of cells, we have a primary anemia such as pernicious anemia.

Secondary anemia is associated with illness or injury. For example, if a man severs an artery in his arm and loses much blood, he would then have a secondary anemia.

Q—Can anything be done for a shoulder that has become stiff from a neglected bursitis?—L.M.

A—In many cases, physiotherapy, involving massage, diathermy and exercise, is first used. Sometimes the physiotherapist manipulates the arm to restore useful movement. If this fails, surgery may be used to free the adhesions that have formed within the joint.

... Social and Club Activities ...

SAN GABRIEL Valley Food Sales Club will have its annual summer party for wives Saturday evening at the Don Wilson home, 745 Hastings Ranch Rd. The theme for the dinner and swim party will be Hawaiian with a prize awarded for the most original hat. The committee making final plans for the entertainment

of the 50 couples to be in attendance included, seated, Al Fossum, club vice president; from left on diving board, Ron Newman, president; Mrs. Fossum and Dianne Wilson; standing, from left Oliver Browning and Mr. Wilson.

Club Activities . . .

Mt. Alverno Guild Plans 'Beauty Benefit' July 23

Mt. Alverno Guild will sponsor a "beauty benefit" July 23 at 8 p.m. in the Arcadia home of Mrs. John E. Carnahan, 166 W. Lemon.

Mrs. Leonard Dhuyette, representing Beauty Counter-demonstrator. Mrs. Curtis Johnson will provide a centerpiece of stock and gladioli for the refreshment table as well as summer blossom arrangements throughout the house.

Assisting the hostess will be guild president, Mrs. George R. Stucka, and chairmen, Mrs. John A. Moe, Mrs. Fred Ganson, Mrs. James Burke, Mrs. Edward Adia, Mrs. Stanley Siepek, and Mrs. J. A. Caspary.

Funds derived from the sale of cosmetics will augment those already collected for the construction of the Redwood City Motherhouse and Novitiate for the Sisters of St. Francis of Penance and Christian Charity.

This new motherhouse, overlooking San Francisco Bay, will replace Mount Alverno in Sierra Madre, as headquarters of the Franciscan Congregation's Western Province.

LIONEL AMES will headline the entertainment when Women's Division, Foothill Jewish Community Center, presents "Noche Tropical" July 25 at the home of Mr. and Mrs. Harvey Mendel in Arcadia.

THE PARTY will feature a catered dinner served poolside, with the Earl Williams orchestra playing for dancing.

This major fund-raising event will benefit the building fund for construction of a new temple and center on the recently acquired property on Foothill Blvd. in Arcadia.

Spiritual leader of the congregation is Dr. Charles W. Steckel, Co-chairmen for this special affair are Mrs. Michael Chazen and Mrs. Samuel Perloff. Tickets must be reserved and may be obtained from Mrs. Robert Sencer at HI 6-2391 or Mrs. Ben Weissman, HI 6-4206.

ORCHID HOBBYISTS SAN GABRIEL Valley orchid hobbyists will hold their regular monthly meeting

ing tonight in San Marino Women's Club, 1800 Huntington Dr.

Anyone interested in learning more about orchids is invited to attend.

The program will feature an illustrated lecture by John Miller on orchids from the Philippine Islands.

Baby Sitters Co-op . . .

Valley Club Membership Open to Local Parents

By Dorothy M. Miller

A point system for baby sitting? Here's a new twist on a problem which faces parents daily.

Mom and dad wish to go out for an evening together, or mom must do some shopping during the day while dad is at work. What to do with the youngsters? It's costly to leave them for any length of time, or for several times a month. That situation is recognized by all.

THE BABY SITTERS Co-Operative Club, in its fourth year of operation and with some 25 families as members, has a unique way of finding a solution to the stated problem. Members exchange baby sitting duties, working on a point system and definite rules. Families share full responsibilities, taking turns at the secretary's duties and keeping the records of the operation.

The club serves the East Pasadena area and portions of Hastings Ranch, Sierra Madre, Arcadia, Temple City, Rosemead and San Gabriel. The members pay \$1 per family dues, which are used for mailing lists, rules, etc.

The point system works as points, plus 1 point per hour added for each additional child being cared for by the baby sitter. If lunch or bottle is given to youngster, add 1 point; 2 points for dinner. These points refer to day care, when mothers must take youngsters to the sitter and pick them up. At night, there is a 6 point maximum for each sleeping child being cared for, with a 15 point minimum charge. After midnight 8 points per hour are added for each youngster's care.

The club also arranges 24 hour service, but the youngsters must be cared for in the sitter's own home. Families build up "debts" of points for care received, not to exceed 125 points at any one time. To pay off their debts, the secretary of the club keeps a running account and first calls the family "most in debt" to handle the specific baby sitting job. By sitting with other youngsters, points are gained and the ledger cleared.

The club convenes every month during the winter, every other month during the summer, at which time problems, rules and discus-

sion of new members is handled. Each member takes a turn at the secretary's job, and this is handled alphabetically.

New members recommended for membership in the club are called a half, or an hour, in advance to tell them a committee will call. A personal interview is held with the prospective member in the home and then a decision is reached.

LIABILITY insurance, family guarded or fenced yards protect all members. To date, members have no swimming pools. Mother's care, along with down-to-earth rules, govern the co-operative venture. To date it has not hurt the agencies or private baby sitter's field, simply because the members who belong to the club can't afford to hire baby sitters. Service replaces the money fees. When the children are being cared for telephone numbers of the family physician and the number where the mother or father may be reached in an emergency, are left for reference. The club invites your calls, your interest and membership if needed. You may call Mrs. Jack Reeder, SY 6-4095.

KNOTTY PROBLEM—Marine reservists Pfc. Terry J. Donahue, 1128 Prospect, San Gabriel; Pfc. Robert E. Gatsoff, 847 S. Alvarado, Los Angeles; and Pfc. Al Harold, 702 W. Alegria, Sierra Madre, find that knot tying is a necessary art when it comes to making an amphibious landing. Members of Pasadena's 7th 75mm AAA Battery now attending two weeks of amphibious training at Coronado, the three men watch as a Marine Corps landing force training unit instructor shows them the proper way to lash a light machine gun prior to its being lowered over the side of the dry net practice tower. (Official USMC Photo)

On the Blotter . . .

Hens, Lover, Plague Local Police

Chickens at large, a contrite lover and two petty thefts were among problems plaguing Sierra Madre police the past several days.

Noble Jefferson, friend of mankind, four-legged animals and birds, was the subject of a complaint again when his

chickens mysteriously escaped from their pen to peck around the Jefferson lawn at 93 N. Auburn.

Under the city ordinance, it seems that chickens must be locked up at least 50 feet from the nearest residence. Jefferson complained that his chickens were let out of their pens, possibly by neighborhood youngsters.

To settle the question, Jefferson beheaded and plucked his fowls and deposited them in the deep freeze. Mr. Jefferson harbors several dozen other birds, including peacocks, pea fowls, finches, parakeets and canaries.

POLICE WERE startled the other night when they received an urgent call from Earl Lloyd, 5322 Russel Dr., Hollywood.

"I'm having an argument with my girl friend," he said. "I hit her in the nose and it's bleeding."

Police arrived at the scene—Baldwin and Sierra Madre Blvd.—only to discover the blow had been struck in Arcadia.

"This isn't our affair," Sierra Madre police, in effect, told Lloyd. "Go get arrested in Arcadia."

POLICE ALSO are investigating two petty thefts, both of which occurred on the same day. Mrs. John Rasmussen reported her pocketbook containing \$40 had been stolen from Rasmussen's Apartment Store.

A little later, Mrs. Margaret MacAulay, a clerk at Arnold's Hardware, reported that her pocketbook containing \$90 had been stolen from the store.

Aged Heir Missing, Search Starts

TUCSON, Ariz., July 15—A "The Chester Miles Chappell sought," Cox said, "was known to have been living in the area in the 1940's and thereafter. Information received fails to pinpoint the locality."

"This information does show, however, that Chappell was born in Minnesota in September of 1886, the son of Charles Edward Chappell and the former Mary Ann Shepard. It also indicates that he remained a bachelor and never married."

Mr. Cox said that despite

the fact that Chester Miles Chappell would be 72 years old, there is indication that he is still living. His share in the estate would be substantial, Cox said.

BOWL FEATURE

Bill Lee and the Mellomen will invade Hollywood Bowl on Friday night, when "The Battle of New Orleans" is fought on stage. The men will march in with muskets raised to defend the city, and even the alligator who saved the day, will be on hand.

CASH BALANCE

SACRAMENTO, July 16—The state's general fund ended the 1958-59 fiscal year with a cash balance of \$13,773,358, State Controller Alan Cranston reported yesterday. But general fund expenditures still outran revenues by \$61,659,388—or better than \$5 million a month, Cranston said.

FOUL PLAY

The underhanded means some people use to get ahead in this world probably means they are getting behind in the next.

PERSONAL TO:

Mary

The most honored of all names for women, Mary means "virtuous." In its various forms the name has adorned queens of England, Scotland and many European countries, as well as our own First Lady. Other distinguished bearers of the name include Garden, Shelley, Rinehart, Martin, Pickford and Curie.

And of course thousands of "Marys" who have never reached the pages of history have done a most important job of running a home or a business. We are proud that so many of them in this community choose this Association when investing their savings dollars. We promote the "virtue" of thrift by providing BOTH safety and profit . . . protecting funds in every possible way, including FSLIC insurance, and adding to your account regularly at a high rate.

So Mary, with your "grand old name" you'll find us a grand old place to save—and get a warm welcome every visit!

Triggerfish Hooked off Long Beach

By Al Miyadi

MRS. JONES' TRIGGERFISH—While the fishermen made with big tuna talk, a pretty, blonde Long Beach housewife last week came up with the season's most significant catch—a 5-pound Mexican triggerfish.

Mrs. Dixie Jones, 1629 E. 53rd St., hooked and landed the triggerfish while fishing from a small skiff just off the Long Beach breakwater.

The triggerfish is a native of Mexican waters, rarely taken north of the Cedros Islands, some 600 miles to the south.

Mrs. Jones' catch is one of only three ever recorded in Southland waters.

As a result, marine biologists now expect a heavy run of bonito, then a run of skipjack, then dolphin, then yellowfin tuna.

And late last week, bluefin tuna began to work seriously for the first time this season, eight off San Clemente (city, not the island), three off Dana Point, five off the Coronados.

Mrs. Jones' triggerfish could turn out to be the most aptly named fish of all time.

THE BLACK—Sunday last, 22nd St.'s Sharpshooter with its radar clearing the way steamed full blast in early morning darkness toward San Clemente Island.

As the boat dipped sharply into a swell, a classically styled flying fish hurled itself over the bow and onto the deck.

Later, just as the boat dropped its anchor, a still half asleep angler blundered onto the fish, unthinkingly hooked it, then carelessly dropped his line over the side.

Naturally, as these things do happen, a 361-pound black bass promptly slammed into it.

And, naturally, this fellow will win the weekly Schenley Derby.

His name? Damned if I know.

ON THE BEACH—Bonito thick inside the Long Beach breakwater, hitting at dawn near the Pacific Boat Hoist floats and the Pierpoint Bulkhead, taking green and white feathers. . . Small boaters taking easy limits trolling. . .

Yellowtail beginning to move outside the Santa Monica breakwater. . . Bonnie Bainer, Venice, and Meredith Coon, Santa Monica, dock-side last week with seven small yellows, all on live bait. . . Area also loaded with bonito. . . Pier anglers doing well during the earliest ayem. . .

"Fishing Flashes" (Wed., 8:30 p.m., Channel 9) will feature a fishing trip to San Clemente Island of Navy and Air Force guys, labeled "Outpost." . .

Paradise Cove having bait trouble, still managing to get by, looping calico bass at the Big Kelp Reef, the Deep Hole. . .

WINNERS—Each week five winners from the phone book, this week's winners: Frank H. Nishoka, 1614 Santa Monica Blvd., Santa Monica; Roger Kluge, 1154 W. 164th St., Gardena; Charles

Ballet nights, July 22 and 23.

CLAREMONT—"Xochimilco" continues at Padua Hills Theater through July 25 featuring the Mexican Players.

Ice Skating Program Set July 20

Over 100 children have completed the first of four series in the ice skating program offered by the Pasadena Department of Recreation and the Pasadena Winter Garden.

The program is taught in a series of two weeks at a special reduced rate for lessons, free use of skates and free ice skating practice time.

Classes, offered for beginners, intermediate and advanced pupils, are taught each afternoon Monday through Friday, omitting Wednesday, which is a free practice afternoon for all pupils taking the series.

Reservations for the new series which begins Monday afternoon, July 20, must be made by phoning the Pasadena Recreation Department, SY. 3-9177. Hours are 8 to 5 p.m., Monday through Friday, closed on Saturday.

Additional series will be taught on the following dates: Series 3, Aug. 3 to Aug. 14; Series 4, Aug. 17 to Aug. 28. Children may enroll in more than one series if class enrollment is open.

Bob Willis Entertains At Party

Bob Willis, son of Mr. and Mrs. Robert L. Willis, 1420 Valley View, was host at a Fourth of July party.

The day's festivities included swimming, a chicken barbecue and dancing in the red, white and blue decorated rumpus room.

Those invited were Cathy Tampico, Malinda Hays, Robin Hardison, Carol Cairncross, Patsy Carley, Jeff Hansen, Stormy Meason, David Brown, Tim Roswell, Robert Captain and Tim Paxson.

Delta Zetas Have Beach Fashions Show

Pasadena Foothill Alumnae chapter of Delta Zeta sorority opened its summer activities with its annual fashion swim show Saturday afternoon at the home of Miss Barbara Griffith, San Marino.

A dessert tea, fashion showing of the latest collegiate wear and swimming in the pool were the afternoon's schedule.

Mrs. King Karpen was chairman of the affair, assisted by Mrs. Hugh Jones, Mrs. Martin Thompson, Mrs. Jay P. Phillips Jr., Mrs. Arlene Boller, Mrs. Charles W. Weis, Mrs. Lon Boon, Mrs. Charles McGauley and Mrs. Frank Pilmer.

Room for Few At Hastings Summer School

After tomorrow, one month remains in the summer session of Hastings Ranch Nursery School. A few openings are available for the remainder of the session.

This announcement was made by Vi Carmichael, school director.

The summer session includes regular nursery school equipment and materials, plus emphasis on water play. Children keep a bathing suit at the school for daily splashing in two wading pools.

July 18 Is Gershwin Night at Hollywood Bowl

July 18 is Gershwin Night at Hollywood Bowl, featuring Andre Kostelanetz, Andre Previn, with Ella Lee and the Bowick singers in excerpts from "Porgy and Bess."

Buses to the Bowl will leave from the parking lot behind the Arcadia Music Mart at 6:30 p.m. Saturday night. Reservations should be made in person by Friday noon with the Mutual Ticket Agency at the Music Mart.

Organizations planning to use this service are requested to inform the Mutual Agency by Thursday of each week.

Don Benito To Meet New Principal

Edward Shutman, former principal of Jackson Elementary School, Pasadena, has been selected to succeed Miss Grace McFarland as principal of Don Benito School.

Mr. Shutman lives, with his wife and three children, Gerald, 9, Bernard, 6, and Laura, 3, at 3615 Newhaven. His two boys attend Eugene Field School. He received his B.A. degree from University of California at Los Angeles in 1929 and his master's degree in education from University of Southern California in 1953. He has taught two summer sessions at San

Jose State College.

Miss McFarland, who is to assume the duties of her new assignment as administrative director of elementary schools in Pasadena the first of September, will be honored guest at a farewell open house tomorrow evening from 8 until 10 in the school cafeteria.

Mrs. Rodney Carley, 1069 Hastings Ranch, newly elected PTA president, has announced the affair will be sponsored by PTA with board members and committee chairmen responsible for party plans and decorations. They will also act as

hostesses during the evening.

Teachers and other staff members, as well as parents of children at Don Benito have received special invitations for this event. Friends of Miss McFarland and parents of former students also are welcome to attend.

SYcamore 7-9634

"It's just a blessing in disguise." How often have you heard that expression and sought for the validity of its usage? I have found myself a blessing and I'm not sure whether I want it or not. We have been holding our annual nocturnal "skunk" parties up in these hills. Now who would think a skunk could be a blessing? Well, they are, in fact, for they are burrowing for the cutworms which in turn would eat all of the lawn that we so carefully nourish.

The fact that the skunks are leaving great holes should in no way alter our gratitude. At least it is green around the holes. Our second blessing concerns the fungus that is killing off the flies. This one is just great. Now we are only half eaten alive as we nibble our goodies in the dubious quiet of our patio. "Seek and ye shall find."

THE DAN Jaxtheimers of Old House Road are home again after a motor trip north. They were accompanied by their son-in-law and daughter, Mr. and Mrs. Thomas Winchester, and their son, Bryan. They started from here and went up to Reno. From there they did the little side trips which included Virginia City and Carson City. After that, Burns, Ore., and then on to their ranch in Pendleton. They had great joy in introducing the young people to their many friends in the area as well as showing them some of the many landmarks.

From there they proceeded on to Portland which was really nostalgic for the Jaxtheimers, as it was there they were wed and raised their family. They were entertained by many of their old friends.

After Portland they went on up to Crater Lake and Klamath Falls before turning around and making the trek home. Welcome back!

FINALLY got the news on the Donald F. Craib Jr., formerly of Old House Road. It seems that Mr. Craib was transferred to Chicago and then to Atlanta, Ga., where he will be permanently located. The senior Craibs are the "new" neighbors.

THE KINNELOA Mesa Association had its annual street party last Saturday night and if anyone should ask you if 150 people make much of a splash in three pools, the answer is an obvious YES. They started out in the afternoon at the pool-sides of the Arthur Gebhardt, Howard Morgridges and Richard Davidsons. At 6 p.m. the crowd wended its way to the home of Dr. and Mrs. Rand Lewis on Mesa Lo Lane where a huge barbecue was set up. Each guest was given the privilege of cooking his own steak. There was corn on the cob, plus countless goodies furnished by the association wives. After dinner the adults danced in the street while the younger fry enjoyed movies provided for them. Each year the party improves so much that it has become the high point of the season.

A vote of thanks will have to go to committee members who worked so tirelessly to make this party a success. They are Mesdames Rand Lewis, Albert Richards, Art Gebhardt, Cass Harris and Ward Clark.

FRIENDS of the Eugene F. Koch family of Wynn Road will have to look sharp to find them of a weekend. They have been taking off regularly to vacation in their newly completed mountain cabin at Lake Gregory in the San Moritz Club. (No smog!!!).

I TALKED to Mrs. Charles Robinson of Calvert Road the other day and she told me her mother (Mrs. Henrietta B. Coke of Vossburg) is having a wonderful time touring Europe. She flew over alone, but now has joined a group of 10 people. They are touring most of the Iron Curtain countries, and are probably in Russia or Rumania at present. In her absence, Mrs. Robinson has some old friends of hers from New York out visiting and staying in her mother's house. They are Mrs. Frank Vogel and her son, John.

Hastings Ranch News

MEMBERS OF Kinneloa Mesa Association met last Saturday night for their annual summer barbecue. Festivities centered on the street in front of the home of party chairman, Mrs. Rand C. Lewis, 3170 Mesalo Lane. Committee members included Mrs. Art Gebhardt, Mrs. Albert Richards and Mrs. Cass Harris. Approximately 165 were in attendance. One of the braiziers was tended by, from left Karl Dietzel, Dan Marbosh, Mrs. Harris, Mrs. Gebhardt, Wayne Furstenberger, Mrs. Richards, Mrs. Lewis and Larry Deitzel.

UP ON . . .

Hastings Hill

ALL YOU swimming mothers around here, with your short bobs—wake-up! If you would be in fashion, what you need is carved hair. Oh it's true that some of you have blond streaks and grey streaks but, they are getting old hat or maybe we should say "old hair".

The magazine for those who would be on their fashion toes, says that "streaks and perukes, stray locks and vibrant hues" are only a part of the plan to "make the shape of your head more imaginative (Perhaps Charles Adams could help think up some new shapes if they run out of ideas).

Well, here's the plan: First get a good strong permanent. Then have a genius of a hair dresser give you an "uncurled look" being sure that he "bends the hair into a carved shape."

This magazine points out that there is a "sophisticated simplicity" about it all that "scarcely hints at the steps involved. The hair-dresser though is never far away." (how far, do you suppose, would be proper?)

It goes on to explain that in Paris "combing bars" are springing up all over so that those Frenchy girls can get their hair molded on the way to a party.

So now we have a good idea if there is any store space left near the Shopping Bag or the Owl Drug Store. Maybe we could even have a curbstone "combing bar" like those places men get their shoes shined.

SOME SUSPICIOUS Hastings Ranchers think we made up our last week's story about Rawhide, California. We could prove it with a caravan up to the Mother Lode Country, which might be fun at that. But just ask Lou Ann Helmers, who can tell you Rawhide is really so. Lou Ann, whose grandmother was the first white baby born in Tuolumne County, knows all about that historic section. In fact she spent last weekend up in nearby Sonora, attending her high school class reunion.

Only a dozen miles or so away from Rawhide is Jackass Hill, where Mark Twain lived in a cabin while he wrote about his "celebrated jumping frog" (the cabin is still there), and Angels Camp, locale of the frog story, has big green metal frogs hanging from every lamp post in town, the residents there are so proud.

Experts say the Mother Lode country is an area a few miles wide and 150 miles long, extending roughly from Mariposa to Downieville (wherever they are). State Road 49 is the one which gives the Mother Lode the best coverage.

Lou Ann also says one-room Rawhide School has an infamous claim to fame. Seems that this school is a sort of community center for those still living in the hills around, and at one potluck supper several years ago, some neighbor took the opportunity to "do in" another neighbor by poison. The trouble was that the poisoner could have been any other neighbor there, so we don't know if they ever solved that one.

Clippers Sail On European Tour Saturday

Members of the Clipper Club of Trinity Presbyterian Church plan a gala European festival right here in Hastings Ranch for their July meeting Saturday night.

First stop on the itinerary will be Switzerland, with a Swiss atmosphere prevailing over the first course of dinner at the Oscar Kraft home.

An Italian theme will be the background for the main course at the Ed Kemp home. French dessert will be served at the home of Mr. and Mrs. Don Davis. Dancing at the William Vogel home will complete the evening.

Host couples will dress in the costumes of the various countries represented.

The August party of the Clippers will be a luau beside the Fred Gillette's home pool. The date is Aug. 22.

Brighthouse-Carter Nuptials Held in Methodist Church

Verna Lee Carter, daughter of Mr. and Mrs. Vernon Lee Carter, 3795 Greenhill Rd., became the bride of Lieutenant Jeb Brighthouse July 12 in Sierra Madre Methodist Church. Dr. Calvin E. Holman officiated at the ceremony with only members of the immediate families in attendance.

The bride, given in marriage by her father, chose a white imported Chantilly lace ballerina length gown, fashioned with a short overblouse, white chiffon cummerbund and full scalloped harem skirt. Her fingertip French illusion veil was held by a cap of seed pearls. She carried a bouquet of white orchids and stephanotis.

Voyagers Have Swim, Barbecue At Faust Home

Voyagers, couples club of Trinity Presbyterian Church, met Saturday night for a swimming party and barbecue at the Canfield Road home of Mr. and Mrs. Cliff Faust.

Also hosts for the evening were Mr. and Mrs. Lee Cronk and Mr. and Mrs. Herb Hagen.

The Voyagers will not meet during August.

Dodgers-Yankees Tied For Lead in Little League

With only one week to go in Hastings Ranch Little League second half of play, the Dodgers and the Yankees are tied at seven wins and one loss apiece. The Tigers and Indians are tied for third with four wins and four losses each.

In the Minor League, the Red Sox are the champs with a record of 12 wins and only two losses. Second place is not definite as there are two more games to play. The Red Sox will play the Minor League All-Star team on Tuesday, July 21.

Those boys who have been named to the Minor League All-Star team are Bruce Wardlow, Regan Cosenza, David Harris, Joe Ashead of the Red Sox; Stephen Germain, Tommy Mico, Larry Linden of the Giants; Eric Mortensen, Clarkson Rose, Robert Barth of the Royals; Wally Johnson, Lance Morris of the Seals; Robert Verdi, Eric Joyce of the Angels; Jimmy Simone, Ray Simone of the Beavers; Rick Stever, Robert Mason, Ricky Schneider of the Stars; Robert Neiderman, Jeff Hillard of the Cubs.

The Farm League did not play on the 4th of July so the standings remained the same with the Colts leading. The standings as of Friday, July 10:

Major League	W.	L.
Dodgers	7	1
Yankees	7	1

Tigers	4	4
Indians	4	4

Ranch Guild Meets July 23

Hastings Ranch Section, Needlework Guild of America, will meet next Thursday at the home of Mrs. Henry Asher, 524 N. Michillinda, for a luncheon meeting and swimming party.

Mrs. Alpheus L. Pruitt, director, has announced hostesses for the day will be her two assistants, Mrs. Warren J. Newton and Mrs. Thomas J. Walsh, and Mrs. Richard A. Cosenza.

LYNNE LOUISE Carter served her sister as maid of honor. She wore a pink organza frock with matching hat. The fitted bodice was organza lace with a cummerbund. She carried a bouquet of pink carnations.

Dr. Gilbert Brighthouse, father of the groom, was best man.

Jack Douglas, soloist, sang "Oh Perfect Love" and "The Lord's Prayer," accompanied at the organ by Dorcas Banian.

The mother of the bride was attired in a beige linen boucle sheath with matching accessories. Her corsage was of brown-tone cymbidiums.

The mother of the groom wore a sapphire blue linen sheath with a white cymbidium corsage.

FOLLOWING THE wedding, a reception for 200 guests was held in the gardens, which were illuminated by hidden colored lights in the shrubbery and trees, at the home of the bride's parents. White gladioli, stock and gardenias were used in the floral decorations. White foam hearts, edged in pink and white carnations and centered by a low candle, floated in the pool. Guests sipped champagne and danced on the lanai.

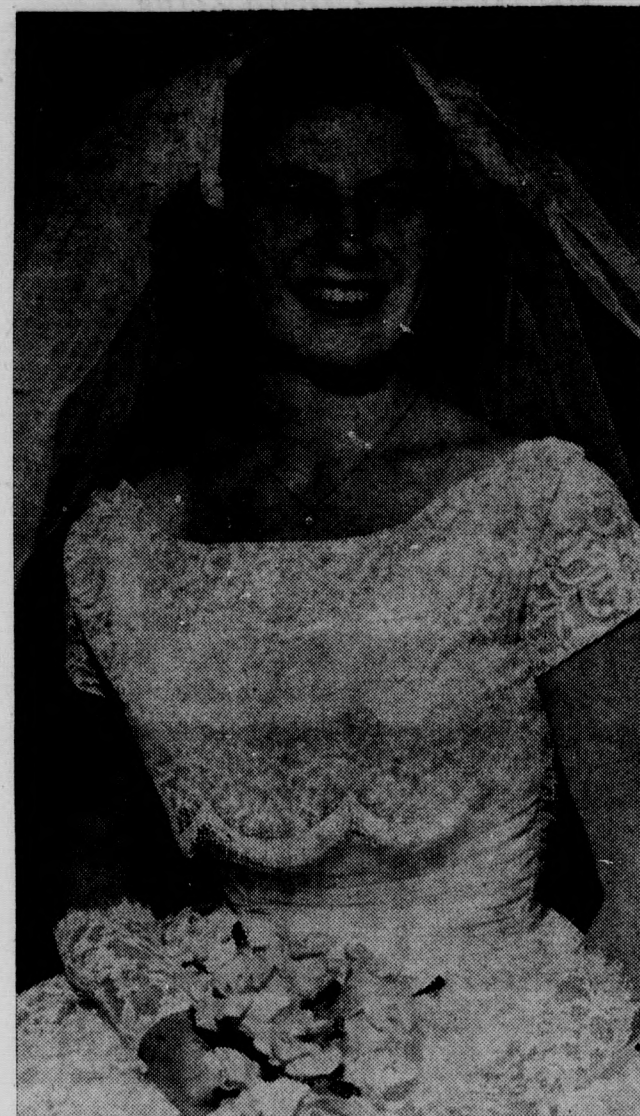

Hostesses at the reception were Jan Scouller, Frieda Glynn, Kay Woodruff, Judy McBride and Diane Collins. The girls wore pastel summer formals with matching corsages.

THE BRIDE is a graduate of Wilson Junior High School, Pasadena High School and Occidental College where she was a member of Delta Omicron Pi sorority.

The groom, the son of the Gilbert Brighthouse of Pasadena, graduated from Occidental College last year where he was affiliated with Sigma Alpha Epsilon fraternity. He is presently stationed at George Air Force Base near Victorville, Calif.

Following a honeymoon at Carmel, the couple will make their home in Apple Valley.

ALASKAN HOLIDAY Julius, Marian and Dwight Freund, 630 Mariposa, enjoyed a visit to Alaska where part of their time was spent in the Capital, Juneau.

Ranch CF Guild Presents Gift to Children's Hospital

Hastings Ranch Guild, Cystic Fibrosis Foundation, recently met in the home of Mrs. Darrel A. Wright, 3655 Fairmeade Rd., for installation ceremonies of newly elected officers for the year 1959-60.

The new executive board includes Mrs. William R. Ewing Jr., president; Mrs. Gordon K. Wright, first vice president; Mrs. John D. Bol-

demann, second vice president; Mrs. Dominic F. Giamgregorio, third vice president; Mrs. Kenneth C. Holloway Jr., recording secretary; Mrs. LeRoy Frandsen, corresponding secretary, and Mrs. William R. Bevan, treasurer.

BEFORE turning over the gavel to Mrs. Ewing, Mrs. Harold W. Leffingwell Jr., outgoing president, announced to the surprised and delighted members, the combined work of active members, associate members and Las Sequitas Workshop netted the guild \$3,700 which had been sent to Los Angeles Children's Hospital to continue research in the dread children's disease. This was the largest amount

ever made in one year by the group. Mrs. Ewing presented a brief outline of the guild's activities for the coming year which will include a swim party for members and husbands in August, the annual "September Affair," scheduled for Sept. 12, the organization of a Thrift Shop to be located in Sierra Madre, open three days a week, and the annual fashion show planned for April 13, 1960.

COMMITTEE chairmen for the forthcoming busy year will be Mrs. Wright, publicity; Mrs. John DuBois, party; Mrs. C. Don Hays, bridge tournament; Mrs. E. W. Watts, communications; Mrs. Richard S. McClain, placement; Mrs. John H. Behr, historian, and Mrs. E. E. Swanson Jr., associate.

WHEEL HAWKS
Car Club of Sierra Madre placed second in their class in the recent youth safety and economy run from Torrance to Yosemite and back, a round trip of 850 miles. Shown holding the trophy are the drivers, Manuel Venegas and Ray Kohl. Sgt. H. A. Christensen of the local Police Department (right) is club adviser. The trip, made in the car shown above, was financed by Sierra Madre merchants.

Hastings Hill

Continued from page 8
THE BOB Reddys are entertaining two nephews, Billy and Bobby Seelig of West Millington, N.J. The two boys made the trip to the west coast by jet and will stay until the first of September. The family was surprised the other evening when Judge and Mrs. Horace Belfatto of Newark, N.J., stopped in for a visit.

NO ONE can say the younger generation lacks imagination and ambition. Chip Shiner, man-about-town, who earns his "livelihood" as a top-notch lawn barber, recently completed negotiations for a power mower—with monthly payments yet. Those of us who patronize him, have full benefit (exhaust and all) of this mechanized "beauty"—and at no extra cost.

INCIDENTALLY, Irene and Russ Delahooke are going to have to start to "mend their ways. Their new grandson, born July 2 in Berkeley, came into this world weighing over 10 pounds and measuring more than 23 inches long. Russ may be big, but in a few years, this kid's going to be bigger and grandmaw and grandpaw are going to have to behave themselves.

LAST WEEK'S fire in the Hollywood Hills almost made Mary and Barney Melone, former Ranch residents, homeless. The fire licked in to their yard and neighbors,

above and across the street, stood by and saw their homes burned to the ground. Typical of the Melones and their calmness, a dinner party for 24 guests, scheduled for last Sunday, took place as though nothing had happened.

I SUPPOSE there are those blessed with the patience of Job and a sunny disposition. However, I'm not one of the chosen few, and I suppose that is why I admire it so much in others. When we came to this hill almost eight years ago, Gordon and Christine Templar diligently tended their parkway. They lost the fight with the cutworms and heat, so no diondora. After spending some time with the novice's bible, Sunset Magazine, it was decided nothing could kill succulents so flats of the same were purchased and the Templars' slim midriffs became even slimmer as they lovingly planted each little plant. This didn't deem it important enough to live either.

Several other attempts were made to coax some sort of vegetation, besides weeds, to grow in "said place." When all suggestions were exhausted, Gordon cemented the area leaving two wells, edged in a low brick trim. He then planted flax in the wells. It was really a thing of beauty and looked wonderful, not for long—the city's touring "executives" stopped by and said the flax would have to come out since it was a "hazard"—people couldn't see around it.

It wasn't till then I knew flax is supposed to reach the proportions of a Sequoia. Stupid me, I thought it wasn't too much different from other shrubs except it stayed pretty well contained and didn't grow too high. (We quickly took out some flax we had, since we didn't want to be sued in the not-too-distant future for obstructing the view of the mountains by residents of the lower Ranch). In any event, Gordon took out the flax and replaced it with low succulents.

NOW there is a sign on the parkway, courtesy of the city, "Notice to Repair." It's well worth your time to stop by and see it because as you read, you will find that Gordon now must take up the cement as a "hazard."

As a city taxpayer (after this "item" our taxes will probably go up and the rubbish not collected), I would like to know WHY, when the man was by a year ago about the flax, he didn't mention the cement. Also, when it comes to "hazards," why is the cement so much worse than sprinkler heads, or rock which is so convenient for small fry to pick up and leave through windows and car windshields.

The law (according to the man) reads brick, laid in sand, is permissible. However, there are very few of the bricks used in the parkways that aren't cemented (so who wouldn't do it—at the price of bricks it's darned inconvenient to fish them out of the storm drains as the water washes them away).

Lucie and Marge.

Brakes Fail

(Continued from Page 1)

San Gabriel Mission High School and had been inspected and approved last April by the California Highway Patrol.

THE BOYS on the bus ranged in age from 7 to 12 and were accompanied by eight counselors.

The wrecked bus was impounded by the California Highway Patrol and was undergoing examination to determine the exact cause of the accident.

Funeral services for the Matson girl will be held at 11 a.m. today (Thursday) in Ripple Mortuary with Rev. George Lindsay of the Congregational Church officiating. Committal will be in Pasadena Mausoleum.

The family requested that instead of flowers donations be made to the City of Hope. The youngster is survived by her mother, Sally; father, Donald Lee Matson, Carmel; two brothers, Steven, 8, and Danny, 6, paternal grandparents, Mr. and Mrs. Sam Rinkus, Pasadena, and maternal grandfather, John Mayne, Pasadena.

Around the Square

Today - Sawyer's Tomorrow - Career
Why Attend a Sawyer School
1. You save valuable time—three, six and nine month courses.
2. Guaranteed course fee plan—regardless of time required for completion—lifetime free brush-up training and placement.
3. Extended monthly tuition payments available.
4. Sawyer graduates are in great demand and receive top level salaries — \$275 to \$350.
